

NewLook NanoSet Cleaner™ is a non-corrosive cleaner, formulated to remove surface dirt and soil from concrete floor surfaces. It fortifies concrete surfaces as it cleans, to increase durability and maintain surface polish.

USES AND BENEFITS

- Safe, Non Corrosive concentrate
- No rinsing required
- Increased durability of polished floors
- Fortifies concrete floors
- Water based, environmentally friendly product.

PREPARATION

Dry, mop or sweep areas to remove dust and surface debris. Gum and other larger, bond-breaking residues should be scraped off the floor before cleaning.

APPLICATION METHODS

Mix 120mls of concentrated NanoSet Cleaner to 4Litres of water. For heavy dirt and grease increase ratio to as much as 240mls of NanoSet Cleaner™ to one 4Litres of water. NanoSet Cleaner™ is designed for use with “auto scrubber” machine cleaning. Increase dwell time on heavily soiled areas.

Mop applications require a separate rinse water bucket to clean the mop. Frequent replacement of clean water is required to maintain effectiveness of this method.

No rinsing is required for either cleaning method.

PRECAUTIONS

Use NanoSet Cleaner as directed

WARRANTY

The following warranty is made in lieu of all other warranties, either expressed or implied. This product is manufactured of selected raw materials by skilled and trained technicians. Neither seller nor manufacturer has any knowledge or control concerning the purchaser's use. The only obligation on either seller or manufacturer shall be to replace any quantity of this product, which is proved to be defective. Any claim of defective product must be received in writing within one year from date of shipment. Neither seller nor manufacturer assumes any liability for injury, loss, or damage resulting from use of this product.
